Words and Music by Harold Heinz – MTHS Teacher, Retired

Quest for truth and knowledge in our world,
Young adults have grown from boys and girls.
These are some of many things,
To Monroe High we sing.

Dedication and integrity,
Striving for a world of harmony,
These are some of many things,
To Monroe High we sing.

Strong foundations built through sacrifice,
Friendships forged to last through time.
Understanding of our fellow man,
These will be the ties that bind.

Thinking fondly back on days of old,
We'll recall the purple and the gold.
These are some of many things,
To Monroe High we sing.
These are some of many things,
To Monroe High we sing.

College & Career Counseling Center

At Monroe Township High School, the counseling department has six guidance counselors. These individuals will assist you with your concerns, including the selection or change of courses, good methods of study, discovering occupational and educational information, and problems of a personal nature. You are welcome to see them by making an appointment. Appointment slips can be picked up from your homeroom teacher or the College & Career Counseling Center Office and must be placed in the "Counselor Request" box in the office. Students will be notified as to the time of the appointment. We also have a "Student Assistance Coordinator" (Ms. Mullarney), who is available to help you with concerns, including drug/alcohol abuse.

Working Papers

Working papers are available through our College & Career Counseling Center. Students wishing to obtain working papers must report to the College & Career Counseling Office for the necessary information and form. This form includes a physician's certificate. The student must make arrangements for the physical examination by a doctor. The other section is a promise of employment that is to be signed by the prospective employer. The form with the student's birth certificate must be returned to the College & Career Counseling Center.

Graduation Requirements

In order to graduate from Monroe Township High School, a student must obtain a minimum of 125 credits in grades 9-12. In addition, the successful completion of certain subjects is required as follows:

Additionally, mandated testing set forth by the State of New Jersey must be satisfied by all students of every class. It should be noted, that only classes taken in grades 9-12 count toward the completion of these high school graduation requirements.

Career education is infused in curriculum for all grade levels.

Early Graduation Guidelines

1. Students completing all requirements for graduation by the end of the junior year will be permitted to participate in the commencement exercises and may be considered for graduation awards.
2. Students completing all requirements for graduation after the end of the school year, e.g. during the summer following the junior year, will be part of the graduating class of the following year and will be awarded a diploma with that class. These students will be permitted to participate in commencement exercises with their class.
3. Early graduates will not be included in the senior class ranking. They will receive an approximate class rank on their transcript.

PHYSICAL EDUCATION

1. In order to participate, physical education students are required to change into appropriate athletic attire consisting of a plain T-shirt and gym-style shorts or sweat pants/shirt or a warm-up suit; athletic socks or sneaker socks and gym shoes (sneakers) with laces and non-marring soles. For safety reasons, wearing jewelry is not permitted during physical education class.
2. Students with medical excuses from active participation in regular class activities must still report to physical education class. A note from a parent or guardian requesting a student be excused from physical activity is valid for a maximum of two (if so dated) successive classes. Notes from a parent must be presented to the physical education instructor prior to the start of class and include a telephone number for verification. Parent's notes will excuse students from active participation in class activities, however, students are required to sign up for after school P.E. make-up in order to make up all excused classes.
3. Any student may be excused from participation, for not more than two days, by presenting a parent's note to their physical education teacher. The student will still be required to make up all classes they are excused from after school.

4. To be excused from participation for more than two consecutive classes, students must present a note from a physician to the physical education teacher. That note at the time of the disability must be handed in before the third day of nonparticipation. Should the medical condition warrant, the student will be placed in an appropriate alternative setting with an assignment from the physical education teacher to be graded in lieu of participation while the student is disabled. Students excused by a doctor's note must present written permission from the physician in order to return to regular activity.

GRADING POLICY

Student Grading Reports

Student report cards will be distributed to all students at the end of each quarter. These reports serve as an indication of progress in school. Students will also receive progress reports each marking period. These reports will provide you with specific information regarding your performance during the marking period. Sufficient time will remain for you to correct any deficiencies, which are noted. In all cases teachers and counselors are available to answer any questions and to provide any assistance that you need. Do **not** assume anything! **Always** check with your teacher.

Marking System

The marking system at Monroe Township High School is as follows:

90-100 Excellent	I = *Incomplete
80-89 Good	P = Passed
70-79 Satisfactory	
65-69 Poor	WP = Withdrawn Pass Passing
Below 65 – Failure	WF = Withdrawn Fail
Failing	WFA=Withdrawl Failing

Incomplete- students have ten school days from the end of the marking period to make up missed class work due to verified absences.

The lowest grade a student will receive in each of the first two marking periods is 55. However, under certain circumstances, lower grades during the quarters are permissible with Department Coordinator's approval.

Final Grade

The final grade is determined using the following formula:

MP 1 = 21%

MP 2 = 21%

MP 3 = 21%

MP 4 = 21%

Final Exam = 16%

$(\text{Average MP 1-4} \times 84\%) + (\text{Final Exam} \times 16\%) = \text{Final Grade}$

Senior Exam Exemption

If one week prior to the administration of the final exam, a senior student has maintained a ninety-percent (90%) or better average, then this student may be exempt from taking the final in a full-year course.

This average will be calculated as follows:

Marking Period 1= 21% of MP Grade

Marking Period 2= 21% of MP Grade

Marking Period 3= 21% of MP Grade

Marking Period 4= 21% of MP Grade

If average cumulative is greater than or equal to 90%, then the senior student may be exempt from that final exam for that course.

Revised : July , 2008

Dropping a Course

Since each student is placed in a course after serious deliberation among students, parents, and guidance counselor, withdrawal is discouraged. Students have until June 30 to make adjustments to their schedules.

1. When a student drops a course (after three weeks), the student transcript will reflect W, WP, or WF depending on circumstances.
 - a. Withdrawal – Withdrew to select another level of some course. There is no penalty and current grade carried over to new course.
 - b. Withdrawal Passing – Without penalty due to special circumstances approved by Department Coordinator and Principal.
 - c. Withdrawal Failing – Withdrew while failing; final grade is 45.

- d. Withdrawal Failing –WFA-Violation of Attendance policy; final grade is 45.
2. Should the student wish to transfer to another course, he/she should be aware that a transfer might not be possible. If transferred, the student is obligated to make up any work previously assigned. The current grade will be carried to the new course.

If carefully planned, there is little need for change in a pupil's program. However, if a change is imperative, it is possible to do so easily prior to June 30th. A counselor is available for consultation during this time. Students must give the matter of course selection their utmost thought and consideration.

Class Rank

Board of Education Policy # 5430

Rank-in-class refers to the student's relative position in his/her class based on a numerical average.

Academic Incentive Program

The purpose of this program is to provide incentive to students who take a more rigorous program of studies than is required. The incentive will be in the form of adding “points” to the student’s grades in specific courses for the purpose of “rank-in-class”. To receive these extra points a student must pass the course.

Courses that receive extra points

All honor level courses receive eight (8) extra points.

All Advanced Placement courses receive ten (10) extra points.

Courses taken at the college / university level, as a result of higher level needs (with prior Principal’s approval) will also receive ten (10) extra points.

Additional Notes for Determining Class Rank

1. A report card notation of “W” (withdrew) shall not be counted.
2. A report card notation of “WF” (withdrew failing) shall be counted as a 45.
3. A report card notation of “WP” (withdrew passing) shall not be counted for the average.
4. Lab Service credits shall not count for rank in class.
5. Summer school courses shall not be counted toward class rank.
6. College level courses taken that receive prior approval of the principal because an appropriate course is not offered within the high school curriculum shall be counted toward rank-in-class. In this case, the student shall be granted appropriate credit for the college level course when computing his/her class rank.

Transfer Students – Class Rank

In order for a student to be ranked, and therefore become eligible for selection as valedictorian and salutatorian, he/she must have

Honor Roll

To be eligible for the Honor Roll, students must achieve an overall average of 85%. Only *one* course may have a grade in the 75% to 79% range. If a student receives a grade less than 75% or if *more* than one grade is in the 75% to 79% range, then the student is not eligible for the Honor Roll.

DISCIPLINE POLICY

The objective of the Monroe Township High School discipline policy is two-fold. First, it is to ensure the maintenance of an orderly school environment that is conducive to student learning. Second, it is to teach students to be pro-active and to take responsibility in all types of situations. Under no circumstances will a student be permitted to disrupt the education of other students. Students who disrupt the education of others will be subject to the disciplinary code as published. The discipline policy is intended as a guideline for administrative action; however, **the administration retains the right to modify it when and where necessary.**

This policy establishes a system of After-School Detention (ASD), In-School Suspension (ISS), and Out-of-School Suspension (OSS). Administrative detention will be held on Tuesday and Thursday after school until 4:05p.m. Students will

be assigned detention or suspension in accordance with the list of disciplinary infractions (see list on following pages).

When detention is assigned, parents will be notified in advance, either by phone call or by letter, which may be sent home with the student.

Any student assigned ISS/OSS may not participate in any co-curricular activity until the suspension is served to its completion.

PUNISHMENT – OFFENSE CLASSROOM DISCIPLINE

The individual staff member may at any time, choose to contact a parent. Staff members should maintain a discipline log, noting dates/actions taken at levels one and two as indicated below.

Most behavioral issues can be resolved at levels one and two; however, students will be referred DIRECTLY to the administration for more serious infractions. In those instances, appropriate consequences will be imposed at Level Three. **In addition, at all times the administration reserves the right to intervene and take action if behavior is deemed inappropriate or in violation of district-wide policies.**

LEVEL ONE:

The individual staff member will meet with the student to:

- Identify the inappropriate behavior.
- Discuss the inappropriate behavior with the student and a change in behavior that the student and teacher agree upon.
- Involve the student in developing an action plan for a change in behavior that the student and teacher agree upon.
- Contact Parent (optional)

LEVEL TWO:

If a change in behavior is not observed as a result of the agreed upon level one action plan, the individual staff member will meet with the student to:

- Identify the inappropriate behavior.
- Discuss the inappropriate behavior with the student.
- Possibly assign teacher detention (Must have verbal confirmation from parent).
- Call the parent (mandatory).

THE FOLLOWING ARE EXAMPLES OF DISCIPLINE HANDLED ON LEVELS I AND II

- Possession of, or playing with dice, cards, or other gambling paraphernalia
- Disruptive behavior in class
- In halls without a pass
- Eating food outside the cafeteria
- Lying to a school staff member
- Personal cell phone violations

LEVEL THREE:

If a change in behavior is not observed after the steps in levels one and two have been satisfied, the staff member will complete a “disciplinary referral” and submit it to the assistant principal. Upon receipt of a referral, the assistant principal will take the appropriate administrative action as outlined in the later sections of this code of conduct. Copies of all disciplinary referrals are sent to parents and guidance counselors indicating the reasons for the referral, the staff member’s actions taken prior to the referral, and administrative actions taken after the referral.

It is assumed that staff has already followed Level I and Level II procedures.

The pupil may be accompanied by the pupil's parent(s) or legal guardian(s) if possible and will be accompanied by a member of the school staff appointed by the Principal.

4. An examination conducted by a physician other than the school physician or the emergency room of the nearest hospital shall not be at district expense. Treatment will not be at Board expense.
5. If the parent(s) or legal guardian(s) is immediately available, the Principal will ask such person to confirm in writing, on a form maintained by the Principal and to be signed by the parent(s) or guardian(s), the following:

- (a) His/her intent to comply with the requirement for an immediate examination of the pupil, designating either a doctor selected by the parent(s) or guardian(s) or by the school medical inspector.
- (b) The name, address and telephone number of the doctor or medical facility where the student is to be examined.
- (c) To the extent known, the time and date of the appointment with the doctor or medical facility.

Prior to releasing the pupil from the school in custody of his/her parent(s) or legal guardian(s), the Principal shall attempt to confirm with the doctor or medical facility the pupil's appointment for examination.

If there is a positive determination from the medical examination of the pupil indicating the alcohol or drug use interferes with the pupil's physical or mental ability to perform in school:

1. The pupil will be returned to the care of the parent(s) or legal guardian(s) as soon as possible; and
2. Attendance at school will not resume until a medical report verifies the pupil's alcohol or drug use no longer interferes with the pupil's physical or mental ability to attend school.

When a pupil's substance abuse or suspected substance abuse threatens the pupil's life or places the pupil and/or others in imminent peril, all procedures shall be expedited in accordance with the emergency. Policy No. 8441, Care of Injured and Ill Persons, may be implemented as appropriate, provided no component of the procedures implementing this policy is omitted.

The Board will provide intervention and treatment referral services by teaching staff members who are properly and appropriately certified and trained to render such services.

Notations concerning a pupil's involvement with substances may be entered on his/her records, subject to Policy No. 8330 regarding confidentiality and limited access. All such notations shall be expunged when they are no longer required for the counseling or discipline of the pupil or when the pupil leaves school. Information regarding a pupil's involvement in a school intervention or treatment program shall be kept strictly confidential in accordance with §408 of the Drug Abuse Prevention, Treatment, and Rehabilitation Act, 42 U.S.C. 290 ee-3, and implementing regulations, 42 CFR Part 2.

If a secondary pupil involved in a school intervention or treatment program provides information during the course of a counseling session in that program which indicates that the pupil's parent(s) or legal guardian(s) or other person residing in the pupil's household is dependent upon or illegally using a substance as that term is defined in N.J.S.A. 18A:40A-9, that information shall be kept confidential and may be disclosed only with; the pupil's written consent, to another person or entity whom the pupil specifies in writing; pursuant to a court order; to a person engaged in a bona fide research purpose; except that no names or other information identifying the pupil or the person with respect to whose substance abuse the information was provided, shall be made available to the researcher; or to the Division of Youth and Family Services or to a law enforcement agency, if the information would cause a person to reasonably suspect that the secondary pupil or another child may be an abused or neglected child.

Nonpublic School Pupils N.J.S.A. 18A:40A-5; 18A:40A-17c

The Board will lend to pupils attending nonpublic schools located in this district and to the parent(s) or legal guardian(s) of such pupils educational materials on substance abuse prepared and supplied by the Commissioner. The loan of such materials shall be at no cost to the district.

Civil Immunity N.J.S.A. 18A:40A-13, 18A:40A-14;
N.J.A.C. 6A:16-4.3(c)

No civil action of any kind shall lie against any employee, officer or agent of the Board because of actions taken under the education statutes on substance abuse, N.J.S.A. 18A:40A-1 et seq., provided the skill and care given is that ordinarily required and exercised by other such employees, officers and agents of the Board.

Any employee who in good faith reports a pupil to the Principal, the Principal's designee, the school physician, or the school nurse in an attempt to help such pupil cure his/her abuse of substances shall not be liable in civil damages as a result of making any such report.

Reporting Pupils to Law Enforcement Authorities 6A:16-6.3(a)

The Superintendent or designee will report pupils to law enforcement authorities if the staff member has reason to believe a pupil is unlawfully possessing or in any way is involved in the distribution of controlled dangerous substances, anabolic steroids, or drug paraphernalia, on or within 1,000 feet of the outermost boundary of school property pursuant to N.J.A.C. 6A:16-6.3(a). The Superintendent will not report pupils who have voluntarily sought treatment or counseling for a substance abuse problem provided the pupil is not involved or implicated in a current drug distribution activity.

Policy Review and Accessibility N.J.S.A. 18A:40A-10;
18A:40A-11 / N.J.A.C. 6A:16-4.2(a) & (b)

The Board will annually review the effectiveness of this policy in consultation with appropriate teaching staff members, with community members, as well as consultation with local substance abuse prevention, intervention and treatment agencies licensed by the State Department of Health and Senior Services and community representatives.

This policy and its implementing regulations shall be made available annually, at the beginning of the school year, to all school employees, pupils, and parent(s) or legal guardian(s). Each newly hired employee and transferred pupil will be offered

this policy and implementing regulations on his/her arrival in the district.

GUNS AND WEAPONS ON SCHOOL PROPERTY
Board of Education Policy # 5611

The Monroe Township Board of Education believes that all students and staff deserve the right to a safe and secure environment. Accordingly, there is no justification for guns and/or weapons to be in a school building or on school property.

Any student found in school or on school property with any type of gun shall be subject to a minimum ten (10) day suspension from school and a hearing before the Board of Education where action on expulsion from school shall be considered.

Any student found with a weapon (other than a gun), ammunition, or any other kind of object that is displayed or used as a weapon in school or on school property shall be subject to up to a ten-day suspension from school and any other action deemed appropriate by the Board. Any student responsible for a weapon being brought to school or onto school property shall be subject to the same above disciplinary action.

The principal or designee in all matters involving guns, weapons or ammunition as described in this policy shall make notification to the police authorities.

Adopted: March 25, 1992

Amended: June 9, 1993

THREATS OF VIOLENCE OR VIOLENT ACTS

Threats are defined as attempting by physical menace to put another in fear of imminent serious bodily injury, or threatening to commit any crime of violence with the purpose to terrorize another. Examples of such threats would be (but not limited to) “threatening to blow the building up” or “threatening to kill an individual.”

All reported threats of violence would be investigated. All threats will be taken seriously and the proper authorities will be notified. Students found to be making threats will be subject to suspension / expulsion, evaluation by a mental health professional, and police intervention.

FIGHTING AND VIOLENCE IN SCHOOLS

Monroe Township High School recognizes its responsibility to promote and maintain a safe environment. The school expects its students and parents to accept their responsibility and to cooperate with the high school in all matters relative to physical safety. Accordingly, the high school will not tolerate fighting or violent behavior of any kind by its students.

Monroe Township High School will combat fighting swiftly and fairly to insure the safety of all students. Accordingly, the high school will not tolerate fighting or violent behavior of any kind by its students. It will utilize the services of appropriate staff and solicit the support of parents in an effort to eliminate violent behavior in our school. Other school committees and groups may play a role in this effort. Peer mediation may also be offered. The school’s curriculum shall also address this issue through instruction at the classroom level. Specifically, this shall occur through discussion and instructional activities in topics such as tolerance, human relations, multiculturalism, conflict resolution, human understanding and the like.

In addition to other school sanctions that may be imposed, students involved in violent activities, and in particular fighting, shall be subject to the following disciplinary actions:

See Code of Conduct

Aggressive Behavior

Aggressive Behavior – MTHS realizes that fighting is often the culminating step in a series of unacceptable behaviors, including verbal insults & intimidation (through verbal or physical gestures). Specific examples include (but are not limited to) such things as deliberately blocking a pupil's passage in the halls or muttering threats just loud enough to be heard, etc. This is intolerable. Students who engage in this type of behavior or any behavior that may incite violence shall be subject to the following:

See Code of Conduct

TOBACCO USE/ POSSESSION / ELECTRONIC CIGARETTES / VAPOR DEVICES

The health and welfare of its student body is of paramount concern to the Monroe Township Board of Education. In this regard, health instruction throughout the curriculum reflects information to encourage good health and to discourage habits and behavior that pose a potential hazard to student welfare.

Smoking and or chewing of tobacco is one such habit or behavior that has been found to be a health hazard by the U.S. Surgeon General. Additionally, New Jersey law, in recognition that tobacco use may be hazardous to one's health, forbids the sale of tobacco to anyone under the age of 18 years.

Smoking, vaping or chewing tobacco by students in the Monroe Township Schools or on school property is strictly forbidden. This shall apply to the regular school year programs and summer school sessions when applicable.

If a student is found to be on school property, school designated bus stops, in route to or from school or at a school sponsored function, he/she may expect appropriate disciplinary action as determined by building administration. Offenses: See Code of Conduct

School Bus Conduct

Transporting students to and from school is a privilege of the school program, which requires everyone to act in a safe and responsible manner. This service is a privilege for students.

Disciplinary matters such as, but not limited to, smoking, fighting, throwing objects, obscenity, refusal to assume assigned

seat and destroying school property are not tolerated and shall be subject to disciplinary action. Disciplinary action administered by MTHS may include the suspension of bus privileges as well as the suspension of the student(s) from school should the infraction be serious enough or be a case of repeated abuse. If the student is suspended from the bus, it shall be the responsibility of the parent to provide transportation for the student to and from school during such bus suspension.

Guidelines

1. Students will remain well back from the roadway while awaiting the arrival of the bus and will refrain from "horse play" at the bus stop.
2. Students will enter the bus in an orderly manner, sit in assigned seats and remain seated at all times.
3. All students shall comply with the directives of the bus driver.
4. Eating, drinking, littering, smoking or throwing objects on the bus or discharge of any object from the bus window is prohibited.
5. Yelling, making excessive noise or using abusive language is prohibited.

9. No animals of any kind or condition (dead or alive) are permitted on school buses.
10. Students shall refrain from any action, which could endanger others.
11. Students are required to use seat belts in buses equipped with seat belts.

Disciplinary Procedures

The bus driver or other school official witnessing the infraction will report student violations of the above guidelines to the appropriate school administrator. While the school administrator will judge each situation on its individual merits, the guidelines listed in the Code of Conduct will be followed. See Code of Conduct

ATTENDANCE POLICY
Board of Education Policy #5200

Regular attendance is a requisite for success in school. New Jersey State Law requires students to attend school regularly, and it is the parent's legal responsibility to see that their children attend school on the days / hours the public schools are in session in the district.

(N.J. 18A:38-25,26,27)

In order to facilitate students' chances for success the Monroe Township School District shall work cooperatively with parents to assure students attend school daily and attend each class daily.

Monroe Township High School uses a BLOCK BY BLOCK attendance program. The number of absences defined in this policy is applied to every academic class a student takes. Therefore, parents and students need to be aware, not only of the total number of FULL DAYS absent, but the total absences from EACH INDIVIDUAL CLASS.

It is recognized that certain legitimate circumstances may occasionally cause the student to be absent from school. If your child is going to be absent, you have a LEGAL OBLIGATION to contact the school with that information. There is a dedicated phone line at the school for that purpose. Failure to notify the school means your child is considered to be TRUANT for that day, and may be suspended upon his/her return to school. If your child presents a SIGNED NOTE or if you contact the Attendance Office upon his/her return to school, the Truancy will be changed to an absence. Notes are only valid on the day your child returns to school, and will not be accepted at any other time.

Students returning to school from an absence which required a Doctor's care must present a note from the Doctor detailing the condition and the dates the student was absent. Any subsequent treatments by a Doctor should also be verified with a note (on the Doctor's letterhead).

Those circumstances which constitute an **EXCUSED ABSENCE** from school and class include the following:

- a. Doctor's Note(s) for absence(s) due to illness. Some EXTENDED illnesses may be of such length as to require Home Instruction. The Doctor's Note must verify the expected

duration of the illness, and must be given to the Attendance Office.

- b. Note for a Religious Holiday, which is recognized by the State of New Jersey.
- c. Note for a death in the family.
- d. Legal documentation for a required Court Appearance
- e. Involvement in a school sanctioned activity.
- f. A PASS from a school authority. Examples include but are not limited to the following: an administrator, school nurse, attendance officer, guidance counselor, child study team, etc.
- g. Days of IN SCHOOL or OUT OF SCHOOL suspension.
- h. At the discretion of the High School Principal.

An **EXCUSED ABSENCE** does **NOT** count against the student's **TOTAL NUMBER OF ABSENCES**, and because it is **EXCUSED**, the student is entitled to receive any work that they may have missed. **ALL OTHER ABSENCES COUNT TOWARDS THE TOTAL NUMBER (Full Days and individual classes) which is used to determine LOSS OF CREDIT STATUS.**

STUDENTS VACATIONING DURING SCHOOL DAYS WILL NOT BE CREDITED WITH AN EXCUSED ABSENCE

****Students absent from school because of observance of a religious holiday shall not be deprived of any award or eligibility thereof, or opportunity to compete for any award, or of the right to take an alternate test/examination, as long as an absence note is submitted as described herein****

*****Students who intend to be absent from school beyond ten days must refer to Board Policy #5130 and withdraw from school.**

EXCESSIVE ABSENCES – LOSS OF CREDIT STATUS

Student attendance is the responsibility of the student. Students and parents should periodically check student attendance on the parent access computer system.

In a class that meets all year for [90] sessions, **a student shall not exceed [10] TOTAL ABSENCES**. When the student reaches [11] ABSENCES, they are AUTOMATICALLY ... in LOSS OF CREDIT STATUS, pending any appeals.

In a class that meets for a semester [45 sessions], **a student shall not exceed [5] TOTAL ABSENCES**. When the student reaches [6] ABSENCES, they are AUTOMATICALLY ... in LOSS OF CREDIT STATUS, pending any appeals.

In a class that meets for a **SINGLE MARKING PERIOD [approx. 23 sessions]**, **a student shall not exceed [2] TOTAL ABSENCES**. LOSS OF CREDIT STATUS is automatic on the 3rd Absence.

If a class meets **ALL YEAR for [180] sessions**, **a student shall not exceed [16] TOTAL ABSENCES**. When the student reaches [17] ABSENCES, they are AUTOMATICALLY in LOSS OF CREDIT STATUS, pending any appeals.

Attendance warning letters will be sent home at the end of the first, second and third marking periods.

LOSS OF CREDIT STATUS

When a student violates the Attendance Policy, they lose CREDIT for each class that is in violation of the policy. If a student misses FULL DAYS of school in violation of the policy, they lose CREDIT IN ALL CLASSES.

When LOSS OF CREDIT occurs, there is an APPEALS PROCESS for the student and parents. If the APPEAL is denied, there is an opportunity to regain the lost credits.

Student that fails to gain credit in a class and / or classes, are not permitted to satisfy attendance requirement with a (60 hr.) summer school class. Students may opt for a (120 hr.) summer school class to receive credit.

Make-Up Opportunities after an Excused Absence

The following procedures regarding student make-up opportunities shall apply:

- a. the opportunity shall be given to complete missed assignments and/or tests, quizzes.
- b. completion of assignments and/or tests, quizzes shall take place within a reasonable period of time, which will be established by the teacher after considering all aspects of the case. This shall NOT BE LESS THAN the number of days the student was absent, and no more than [10] school days.
- c. Failure to complete the assignment and/or test, quiz within the specified time shall result in the issuance of a failing grade for the assignment and/or test, quiz.
- d. when the nature of the absence makes it difficult to establish a time limit, a mark of INCOMPLETE shall be given.

Tardy Policy

TARDINESS occurs when a student arrives for a class within [5] minutes after the late bell (also when arriving to Block 1-“A” day and Block 1-“B” day between 7:27-7:40).

Late to School

The term “Late to School” refers to arriving to school ... AFTER the 7:27 Late Bell for Block #1-“A”day / Block #1-“B”day. When arriving to school “LATE”, students must be signed in by the Attendance Office. When arriving LATE TO SCHOOL ... a student is considered to be TRUANT ... unless ... they have one of the following:

- a. a **SIGNED NOTE** from the parents explaining the lateness
- b. a **PHONE CALL** from the parents to the attendance office
- c. a **PARENT SIGNS YOU IN** personally.

Truancy

For the purpose of our Attendance Policy, TRUANCY will refer to the following:

when a student is not in school without parental consent.

- a. when a student is not in regular attendance, in violation of Title 18A:38-25,26,27.

Cut Policy

A “CUT” is defined as a deliberate act of not attending a class, or beyond [5] minutes of the late bell Blocks 2, 3, or 4. In addition, a student who comes to class and leaves without permission, or does not do what he/she was excused from class to do, is considered “CUTTING” that class.

A “CUT” is also considered a CLASS ABSENCE as well as a discipline issue.

Cut #1: a referral will be sent to the appropriate Assistant Principal. The teacher will confer with the pupil and will call home in an attempt to resolve any problems. Students will receive [1] day of ASD (After School Detention) on their 1st cut. They will also be credited with a CLASS ABSENCE. The Guidance Counselor will also meet with the student to discuss the connection between regular attendance and classroom success.

Cut #2: a referral will be sent to the appropriate Assistant Principal, who will confirm a 2nd Cut. The student will be assigned [2] days of ASD (After School Detention) on their 2nd Cut. The teacher will meet with the student to discuss any problems, and the Guidance Counselor will call home to discuss

the problem with the parent. The student will also be credited with a CLASS ABSENCE.

Cut #3+: a referral will be sent to the appropriate Assistant Principal, who will confirm a 3rd (or more) Cut. Students will receive [1] day of ISS (In School Suspension) and will also be credited with an absence in that class. The Guidance Counselor will schedule a MANDATORY conference between the student, parent, classroom teacher, Assistant Principal and Counselor (also Child Study Team if necessary).

NATIONAL HONOR SOCIETY (Board of Education Policy)

In an effort to promote academic excellence among its students, the Board of Education shall recognize and support the existence of a local chapter of the National Honor Society. In doing so, the Board hereby establishes the following rules and regulations for students governing their entrance into and dismissal from the National Honor Society (NHS) organization.

Academic Eligibility Requirements

Senior students will be selected immediately after the first marking period while Junior students will be selected immediately after the first semester of the school year. Senior students must attain a weighted cumulative average of 90 by the end of the first marking period of their senior year. Junior students must attain a weighted cumulative average of 90 by the end of the first semester of their junior year. In addition to the grade requirements, candidates will be required to demonstrate their scholarship by submitting an original essay, which will reflect their understanding of the requirements and responsibilities of an Honor Society member.

Service, Leadership, Character Requirements

In addition to the above academic requirements, a student **must** have been actively involved in at least three different school-sponsored activities and at least one community service activity during his/her high school career up to the time of selection. A student must be of good character and must present a positive attitude toward fellow classmates, the faculty, and the school. Although input is solicited from all faculty members, a five-member Selection Committee appointed by the principal and chaired by the National Honor Society Advisor, who is an ex-officio member of the committee, will make final selection.

Many fine students – eligible on paper – are not invited to join NHS for a variety of reasons. Upon appeal, the principal will insure that no procedural errors prevented an unsuccessful candidate from due consideration. The principal will **not** normally substitute his/her judgement for that of the selection committee.

Dismissal Procedure

Students are expected to maintain the standards used as the basis for their selection. Members who fail to maintain these standards in the areas of academics, service, leadership, or character shall be warned in writing by the chapter advisor (copy to parent) and given a reasonable amount of time to correct the deficiency. In the case of flagrant violation of school rules or civic laws, a member will not necessarily receive a prior warning. The selection committee shall determine when an individual has exceeded a reasonable number of warnings.

In all cases of impending dismissal, a member shall have a right to a hearing before the selection committee. A member who has been dismissed may appeal the decision of the selection committee.

Co-Curricular Activities – Eligibility
Board of Education Policy #2430

The Board of Education believes that the goals and objectives of this district are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular instructional program of the school. The purpose of such co-curricular/athletic activities shall be to develop leadership capacities and good organizational skills, to aid in the socialization of pupils, and to enable pupils to explore a wider range of individual interests than might be available in the regular curricular program.

The Board shall make school facilities, supplies, and equipment available and assign staff members for the support of a program of co-curricular/athletic activities for pupils in grades seven through twelve. The Board shall maintain the program of co-curricular/athletic activities at no participation fee to participating pupils, except that pupils may be required to provide supplies in accordance with Board Policy No. 2520 on instructional supplies and pupils may be required to assume all or part of the costs of travel and attendance at co-curricular events and trips.

For purposes of this policy, co-curricular/athletic activities are those activities conducted on or off school premises by clubs, associations, and organizations of pupils sponsored by the Board and includes co-curricular/athletic competitions and practices. Co-curricular/athletic activities are not offered for credit toward promotion or graduation and are ordinarily conducted wholly or partly outside the regular school day.

The Board will permit the use of school facilities by organizations of pupils during pupil activity periods. No group of pupils, regardless of the size of the group, will be denied an opportunity to meet on the basis of the religious, political, philosophical, or other content of the speech at their meeting.

No co-curricular/athletic activity shall be considered to be under the sponsorship of this Board unless it has been approved by the Board on recommendation of the Superintendent.

Pupils shall be fully informed of the co-curricular/athletic activities available to them and of the eligibility standards established for participation in co-curricular/athletic activities. Co-curricular/athletic activities shall be available to all pupils who voluntarily elect to participate except that where eligibility requirements specific to an organization are necessary or desirable, the Board shall be so informed and must approve the establishment of such eligibility standards before they may be operable.

The Board will not permit the organization of a fraternity, sorority, or secret society.

Academic Eligibility Requirements grades 9-12

All rules and regulations promulgated by the N.J.S.I.A.A., pertaining to interscholastic sports, shall be in effect. In addition, the Board of Monroe Township establishes the following:

1. 2. To be eligible for co-curricular/athletic activities during the second semester (February 1 to June 30) of the 9th grade or higher, a pupil must have passed the equivalent of 12 ½% of the credits (13.75) required by the State of New Jersey for graduation (110) at the close of the preceding semester (January 31). Behavioral Eligibility Requirements grades 9-12

All students must maintain a positive record of behavior or conduct in school, in order to be considered for participation in the co-curricular/athletic program. Because students participating in the co-curricular/athletic program will be representing our school to the public at large, their individual behavior or conduct will reflect directly upon the image and perception of our school by the public. Therefore, a student who accumulates a record of conduct violations of school rules may jeopardize his/her eligibility.

- A student who is absent from school, or is ISS/OSS may not participate on that day.
- When a student accumulates 15 after school detentions, 10 days out of school suspension or 10 days in-school suspensions, the student will be on probation for two weeks from that activity.

The same will hold for in-school suspension as well.

In the case of special activities, e.g., band concert, chorus concert, school play) students whose behavior is not consistent with the above policy will be referred to the eligibility committee prior to their participation.
