

MONROE TOWNSHIP MIDDLE SCHOOL

Welcome to Team ALPHA!

Academic Excellence **L**ifelong Learner **P**articipant in Community **H**onorable **A**daptable

We selected our name, **TEAM ALPHA**, because it is significant in so many ways. “Alpha” is the first letter of the Greek alphabet, letter “A,” which signifies excellence. “Alpha Centauri” is one of the brightest stars in the galaxy. The “alpha particle” has a positive charge. Most importantly, “alpha” indicates “a new beginning,” which we will embark on as we enter upon the 2023–2024 school year. Throughout the year, Team ALPHA will be focusing on the big idea of “Choices.” We will examine this theme as it relates to our different subject areas, as well as how it connects to your own life and the use of technology. Reflect on the choices you made during your first year at MTMS. How did these choices impact your life both personally and academically? Start thinking now about the choices you plan on making this school year as 7th graders. The first day of school helps to set the tone for the year. Start the year off right by making good choices the moment you step back inside MTMS. We are looking forward to a great year.

Sincerely,

*Your Team **ALPHA** Teachers*

TEAM ALPHA GOALS

Students will develop critical thinking skills in order to become independent thinkers.

Students will take pride in producing high quality work and maintaining an organized binder for all classes.

Students will develop a sense of responsibility towards completion of all academic assignments, and projects.

Students will show kindness, concern, and respect for themselves, their teachers, and classmates.

Students will continue to contribute to build a positive, safe, and nurturing environment for today and tomorrow.

TEAM SPIRIT!

Our team colors are green & black.

Team shirts are available in a variety of sizes. We wear our t-shirts for special team activities to show our spirit!
