

Assignment: Store

Directions: Create an application that resembles a store of your choice (i.e. shoe store, CD store, clothing store). Your application should include the following:

- 1.) A welcome message.
- 2.) A common theme with products that are suitable for the store.
- 3.) A place for the user to input a quantity for each item.
- 4.) At least 10 different items.
- 5.) A shopping cart that holds the items to be purchased.
- 6.) A description for each product
- 7.) A cost for each product
- 8.) A receipt for the final purchase
- 9.) Creative
