

Transition Self-Contained

5 Day Emergency Plans

Ms. Christina Basile

Block 4A

Week 2

Day 3

How do we find transportation if we do not have a license?

1. Student will take their 3 favorite/fun locations and find out how they can get there;

Is it safe enough to bike? Could a brother or sister take them? If they needed to get there by themselves is there a car service or taxi service that will give a special rate to people with a disability.

Students will also look in New Jersey Transit Access Program for people with disabilities.

Is there a Middlesex County Shuttle Service they could use even to get to the Mall or different shopping centers.

Please list three modes of transportations with phone numbers.

If there is a website the students may print out the information from the website.

Day 4

Recreation and Leisure Collage

Please cut pictures and words out of a magazine and /or clip art and create a collage type of poster with pictures and words representing all the activities they enjoy.

Please make a collage which should represent the activities you would like to do when you have time to spare.

You should be able to think of ways to use their time constructively.

Such as:

- a) Taking a walk for exercise**
- b) Reading a book**
- c) going to the movies**
- d) walking on a nature trail**

Creativity Counts!

Day 5

Finding Transportation for your favorite activities.

Students will set up a “T” chart.

1. On the “T” chart they will label the two columns
2. On the Left – Label Column A - Fun Activity
3. On the right label Column B - Transportation
4. In column A the students will list all of their fun activities and in Column B

The students will list the mode of transportation they will use to get there.

Example:

Going to the mall

Hiring a taxi service

Going to the park

Able to walk

If they are hiring a taxi or car service please put the name of the service and phone number.
