Notwithstanding any provision of this act to the contrary, the total stabilized aid for each district shall not be increased by more than the district's State aid growth limit , except as provided pursuant to subsection e. of this section. In the event that total stabilized aid exceeds the prebudget year total by a rate greater than the State aid growth limit, the commissioner shall adjust the components of total stabilized aid so that they total exactly the prebudget year total increased by the State aid growth limit.

b. For the 2008-2009 school year, the prebudget year total shall include Core Curriculum Standards Aid, Supplemental Core Curriculum Standards Aid, Education Opportunity Aid, Above Average Enrollment Growth Aid, High Expectations for Learning Proficiency Aid, Instructional Supplement Aid, Demonstrably Effective Program Aid, Stabilization Aid, Supplemental Stabilization Aid, Adult and Postsecondary Education Grants, Bilingual Education Aid, Special Education Aid, County Vocational Program Aid, Transportation Aid, School Choice Aid, Consolidated Aid, Additional Formula Aid, Full-day Kindergarten Supplemental Aid, Targeted-At-Risk Aid, Abbott-Bordered District Aid, Nonpreschool ECPA, Extraordinary Special Education Aid paid in 2006-2007, and Aid for Enrollment Adjustments, taking into consideration the June 2008 payment made in July 2008. d. For the purposes of this section, "State aid growth limit" means 10% in the case of a district spending above adequacy and 20% in the case of a district spending below adequacy.

(1) For purposes of determining if a school district or county vocational school district is spending above or below adequacy and its applicable State aid growth limit, the district's spending shall equal the sum for the prebudget year of its equalization aid calculated pursuant to section 11 of this act, special education categorical aid calculated pursuant to section 13 of this act, security categorical aid calculated pursuant to section 14 of this act, and general fund local levy.

(2) Notwithstanding any provision of this section to the contrary, for the purposes of determining a district's

e. (1) The State aid growth limit established pursuant to subsection d. of this section shall not be applicable to a school district in a municipality that has a population composed of more than 33.3% senior citizens age 65 or older according to the most recent federal decennial census.

(2) The State aid growth limit established pursuant to subsection d. of this section shall not be applicable to a regional school district that includes constituent municipalities in which the total population among the constituent municipalities is composed of more than 33.3% senior citizens age 65 or older according to the most recent federal decennial census.

(cf: P.L.2007, c.260, s.5)

2. This act shall take effect immediately and shall first apply to the first full school year beginning after the date of enactment.

#### STATEMENT

Under current law, school districts are subject to a State aid growth limit; in a single year, a district's State aid may not increase by more than 10 percent or 20 percent, depending on the district's expenditure level, relative to the prior school year. This bill eliminates the State aid growth limit for a school district in a municipality in which at least 33.3 percent of the residents are 65 years old or older, according to the most recent federal decennial census. In the case of a regional school district, the State aid growth limit would be eliminated if, among all of the residents in the constituent municipalities, more that 33.3% of the residents are 65 years old or older according to the most recent federal decennial census.
