CONSOLIDATED MONITORING REPORT
MAY 2017**

BACKGROUND

The Elementary and Secondary Education Act (ESEA) and the Individuals with Disabilities Act (IDEA) and other federal laws require that districts provide programs and services based on the requirements specified in each of the authorizing statutes (i.e., ESEA, IDEA, and Carl D. Perkins). The laws further require that state education agencies such as the New Jersey Department of Education (NJDOE) monitor the implementation of federal programs by sub recipients and determine whether the funds are being used by the district for their intended purpose and achieving the overall objectives of the funding initiatives. Due to the impending implementation of new Every Student Succeeds Act (ESSA) regulations, only IDEA will be reviewed during consolidated monitoring.

INTRODUCTION

The NJDOE visited the Monroe Township School District to monitor the district's use of federal funds and the related program plans, where applicable, to determine whether the district's programs are meeting the intended purposes and objectives, as specified in the current year applications and authorizing statutes, and to determine whether the funds were spent in accordance with the program requirements, federal and state laws, and applicable regulations. The on-site visit included staff interviews and documentation reviews related to the requirements of the IDEA Basic and Preschool programs for the period July 1, 2015, through March 29, 2017.

The scope of work performed included the review of documentation including grant applications, program plans and needs assessments, grant awards, annual audits, board minutes, payroll records, accounting records, purchase orders, and an interview of the program administrator regarding the IDEA grants, as well as, current district policies and procedures. The monitoring team members also conducted interviews with district personnel, reviewed documentation for a sample of expenditures and conducted internal control reviews.

EXPENDITURES REVIEWED

The grant reviews included the IDEA Basic and Preschool programs from July 1, 2015, through March 29, 2017. A sampling of purchase orders and/or salaries was taken from each program reviewed.
