A Message regarding the referendum from
Dr. Michael Kozak, Superintendent of Monroe Township School District

I would like to thank everyone involved for their dedication and hard work in helping to present the referendum for a new middle school to the community. I am disappointed that the referendum did not pass, as this prolongs the overcrowded conditions in our schools. However, I affirm my commitment to seeing another referendum presented to the community.

We will take time to analyze the results of this vote for the referendum and we will begin the process for determining what our next steps are in addressing the overcrowded conditions in our schools.

I offer my appreciation to the Board of Education for their support and for volunteering countless hours toward preparing and planning this referendum. I also offer my appreciation to Mayor Tamburro and the Town Council for their ongoing support.

It is now time to work together to find a solution to our overcrowded conditions, so that students will have adequate classroom space in a safe and secure learning environment.
