The Board of Education invites you to participate in a Strategic Planning initiative along with your neighbors, community members, friends, teachers, and school district administrators to create a shared vision for the future of Monroe Township School District. This process will be facilitated by New Jersey School Boards Association. Three (3) planning meetings will be held where district stakeholders will create the essential elements of a strategic plan: vision, goals, and objectives.

We will be discussing the strengths of the district, the challenges that we face, creating a shared vision for the district, and developing ways, goals, in which we can tackle those challenges. We are inviting staff members, parents, students, community leaders and other interested members of the public to contribute their thoughts, ideas and hopes – so that we can effectively plan for the future of our students.

PLEASE PLAN TO ATTEND THESE IMPORTANT MEETINGS
