

A message from MONROE TWP

Good Morning, Monroe School Community,

As you know, yesterday Governor Murphy issued an order for all schools to remain closed through the end of the school year. While we do miss all of the students and wish we could see you again in person, we understand the importance of staying safe and healthy. Remote learning will continue through June.

The administration is working on plans for closing out the school year, including opportunities for students to collect personal belongings from schools, drop off textbooks and technology, etc. You will get information from your building administrators when these plans are finalized.

We too are saddened that we will not be able to celebrate the end of year activities with all of you. We are working to provide some alternative activities to celebrate the students' achievements.

Extended School Year will still be held this summer, but we do not yet know if it will be virtual or in person. We are planning for both options.

We miss you and hope you are staying well.

Dr. Alvich
