

Happy Friday Monroe Community,

As you know from my message earlier this week, schools are closed for the remainder of the school year. The summer programs and Extended School Year are still unknown at this time. As soon as we have news, we will share it with you.

Just a reminder as we continue in the remote learning environment that all students should be following the Acceptable Use Board Policy, which I have attached for your review. Students should refrain from taking screenshots of lessons, teachers, and other students. Students should only enter the classes for which they are scheduled. Any violations of this policy will be handled by the administration through the Code of Conduct. Thank you for your anticipated cooperation.

I have a few resources for parents:

High Focus Centers in Freehold is offering a Parent Education and Support Group Webinar on 5/11 at 6pm. The webinar is titled “Coping with Covid-19: Helping your Family Adapt to a ‘New Normal.’” Anyone is welcome to attend. Please see the attached flyer for more information.

Our District Behavior Analysts have created a BCBA Resource Page on the district and school websites. Parents have access to a host of different video models, visual supports, and other relevant resources for distance learning. Our BCBAs are also looking to add parent training presentations in the near future. The page is titled “BCBA District Resources”, and the link can be found on the top right corner of every school home page.

Happy Teacher and Nurse Appreciation Week to all who are working in these important jobs!

As always, thank you for partnering with us during this time.

Stay well,

Dr. Alvich

Superintendent of Schools
