Glasstech	Mary Lange, Township Rec
Hoodz	Gary Fall, Triad Security Systems
Ray Hughes, Hughes Environmental	Whitfield Schneider
Jersey State Controls	Integrity Roofing

From: Jerry Tague, Director of Facilities

Mike Gorski, Business Administrator/Board Secretary

Re: **Annual Re-Notification Required By AHERA**

Date: September 1, 2020

The Asbestos Hazard Emergency Response Act (AHERA) 40 CFR 763 requires all schools from Pre-K to Grade 12 to conduct inspections to determine if they contain asbestos containing building materials (ACBM). If so, an Asbestos Management Plan must be developed in which the ACBM must be

categorized according to type, locations, current condition, and its potential for future damage. The Management Plan details the inspection findings, and outlines the response actions the School Board intends to implement.

To accomplish these goals, the School Board has on file at each school and in the District Offices a NJ State Department of Health approved Asbestos Management Plan for all school facilities. 3-Year Re-Inspections were completed in January 2018 and are on file as well as the most recent 6 month Periodic Surveillance. The provisions of the plan are being implemented in a timely and on-going fashion. It is Monroe Township Board of Education's desire to provide a safe and healthy facility for all students, employees, and visitors.

The purpose of this memorandum is to satisfy the requirements of AHERA for written notice of the availability of the Management Plan for review. If you have any questions contact Director of Facilities, Jerry Tague at [gerald.tague@monroe.k12.nj.us](mailto:gerald.tague@monroe.k12.nj.us)

Since the last written notice, the following abatement project was completed:

<u>Name of School</u>	<u>Scope of Project</u>
-----------------------	-------------------------

No Asbestos Removals performed in 2019–2020	
---------------------------------------------	--
