MONROE TOWNSHIP HIGH SCHOOL'S GSA ATTENDS FORUM

For the past 14 years, students from Gay-Straight Alliances located throughout New Jersey have attended an accredited forum that spreads information about equality, sexuality and gender, and social constructs. The event marked its 14th year at Montgomery High School in Skillman on November 18th. After checking in, MTHS GSA students registered for workshops that sparked their interest. A junior from Monroe Township High School declared that “the forum was a fantastic way to meet peers in similar situations and be able to connect through our identities despite daily hardship.”

The MTHS GSA recorded notes and eventually shared their newfound knowledge with members who were unable to attend. With great sandwiches, delicious cookies, and lots of laughter, strangers from across the state became family through love, appreciation, and self-respect. Underclassmen and upperclassmen alike look forward to the Gay, Lesbian, and Straight Education Network's GSA forum that will take place in 2018.

We are very proud of all of our students and their accomplishments!
