PEACE AMBASSADORS

The **Day One** project at Monroe Township High School was a huge success! This was the first project the **Peace Ambassadors** sponsored this year. The **Day One** project was an initiative to spread anti-discriminatory messages around the school. This was accomplished by hanging up posters in every classroom on campus to remind students that the high school is a place of positivity and acceptance. We also gifted each student a wristband that reads “**Kindness Matters.**” The **Peace Ambassadors** also sponsored a visit from Mykee Fowlin who is a psychologist who spreads his peaceful message through a series of powerful skits. His performance was viewed by the freshmen class. The performance left a lasting impact on the freshmen students that they can carry with them for the next four years.

The **Peace Ambassadors** also have a variety of projects scheduled for the rest of the school year. The next project is called **Challenge Day**; a full day activity that students can partake in to learn more about each other and show compassion to their peers. This activity promotes a positive atmosphere that follows the students for months afterwards. We are also bringing an anti-bullying curriculum to the elementary schools, specifically 2nd and 5th grade. This, along with a variety of other peace promoting events sponsored by the **Peace Ambassadors**, will encourage a more accepting and positive future.
