### ART

Congratulations to Charlotte Park who has been selected as Artsonia's 10th-12th "ARTIST OF THE WEEK" for March 31 - April 06. During the contest, Charlotte received 968 votes from website visitors! Be sure to check the Artsonia homepage at [www.artsonia.com](http://www.artsonia.com) where you will see Charlotte1573's artwork featured. She will be receiving a special award plaque. In addition to the plaque, Blick Art Materials has generously donated \$100 gift certificates to the winning teachers and \$50 to the winning artists. Please extend our congratulations to Charlotte1573 and hats off to Ms. Naumik for creating such a positive and supportive community around the art program!

## **MONROE TOWNSHIP HIGH SCHOOL MUSIC PROGRAM**

112 students representing the Monroe Township High School Music Program was awarded the opportunity to perform at Walt Disney World on Saturday, March 30th. Both the MTHS Chorus and the MTHS Band performed on the Waterside Stage at Walt Disney World's Disney Springs. The ensembles did a fantastic job; preparing and performing a wide array of musical selections, culminating with a Disney Medley by the MTHS Chorus.

The Monroe Township High School Music Program operates within the Department for the Applied Arts and Careers Technology. The MTHS Chorus is directed by Ms. Arielle Klein; and the MTHS Bands are directed by Marty Griffin and Mr. Alf Hadinger.

## SCIENCE LEAGUE

One-hundred and fifty-one (**151**) tests were completed by our MTHS students during the Third Event of the 2019-season of the New Jersey Science League (a.k.a. Science-letes).

The Science League is unique in both the State and our Nation. In existence since 1962, the League now offers competitions in Biology, Chemistry, Physics, Environmental Science and Earth-Science/Astronomy.

The purpose of the Science League is to provide competitions between schools in selected science areas of study throughout the state of New Jersey. All competitions are on two levels.

One level is for the students directly. Students within any one testing area are ranked with each other, across New Jersey, based upon their scores on 3 of the 4 exams (held once a month, during the first four months of each calendar year). Any student completing 3 of the 4 exams receives a certificate from the Science League. The top ten percent (10%) of the students receiving a certificate also receive a student plaque

The second level of competition is between the teams, which represent the schools. Team scores are equal to the sum of the top 2 student scores and are cumulative from January through April. The cumulative team score for each year is used to rank all the participant schools in New Jersey. The top 10 schools (not 10%) are awarded plaques. Exceptions are those subject areas having less than 100 schools participating. Those subject areas are awarded plaques for the top 10% of the schools in the subject area.

**Last year our Chemistry students earned top ten status and a plaque for our school.**
