G. Harassment, Intimidation, and Bullying Policy (HIB)

This policy has been developed in accordance to N.J.S.A. 18A:37-15.

Following is an overview of the Monroe Township School Board Policy 5512, Harassment, Intimidation, and Bullying. The complete, unabridged version of this policy, resources to assist students and their families, and the names of the district personnel responsible for implementing this policy can be found on the district website www.monroe.k12.nj.us and at the following link:

Harassment, Intimidation, and Bullying Policy Statement:

The Board of Education prohibits acts of harassment, intimidation, or bullying of a pupil. A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a pupil’s ability to learn and a school’s ability to educate its pupils in a safe and disciplined environment. Since pupils learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

Harassment, Intimidation, and Bullying Policy Definition:

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. Is reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability; or

2. By any other distinguishing characteristic; and that

3. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3, that substantially disrupts or interferes with the orderly operation of the school or the rights of other pupils; and that
4. A reasonable person should know, under the circumstances, that the act(s) will have the effect of physically or emotionally harming a pupil or damaging the pupil’s property, or placing a pupil in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or
5. Has the effect of insulting or demeaning any pupil or group of pupils; or
6. Creates a hostile educational environment for the pupil by interfering with a pupil’s education or by severely or pervasively causing physical or emotional harm to the pupil.

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to, a telephone, cellular phone, computer, or pager.

Harassment, Intimidation, and Bullying Policy Off School Grounds:

This policy may impose consequences for acts of harassment, intimidation, or bullying that occur off school grounds, such as cyber-bullying (e.g., the use of electronic or wireless devices to harass, intimidate, or bully) when:

1. The alleged harassment, intimidation, or bullying has substantially disrupted or interfered with the orderly operation of the school or the rights of other pupils; and either
2. A reasonable person should know, under the circumstances, that the alleged behavior will have the effect of physically or emotionally harming a pupil or damaging the pupil’s property, or placing a pupil in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or
3. The alleged behavior has the effect of insulting or demeaning any pupil or group of pupils; or
4. The alleged behavior creates a hostile educational environment for the pupil by interfering with a pupil’s education or by severely or pervasively causing physical or emotional harm to the pupil.

Harassment, Intimidation, and Bullying Policy Expected Behavior

The Board expects pupils to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other pupils and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the code of pupil conduct.

The Board believes that standards for pupil behavior must be set cooperatively through interaction among the pupils, parent(s) or legal guardian(s), staff and community members, producing an atmosphere that encourages pupils to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of pupils, staff and community members.

Pupils are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of school
district staff to use instances of violations of the code of pupil conduct as opportunities to help pupils learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with pupils shall apply best practices designed to prevent pupil conduct problems and foster pupils’ abilities to grow in self-discipline.

General guidelines for pupil conduct will be developed by the Superintendent or Chief School Administrator, in conjunction with school staff, and approved by the Board. These guidelines will be developed based on accepted core ethical values from a broad community involvement with input from parent(s) or legal guardian(s) and other community representatives, school employees, volunteers, pupils and administrators. These guidelines for pupil conduct will be suited to the developmental ages of pupils, the severity of the offenses and pupils’ histories of inappropriate behaviors, and the mission and physical facilities of the individual school(s) in the district. This code of conduct requires all pupils in the district to adhere to these rules and guidelines and to submit to the remedial and consequential measures that are appropriately assigned for infractions of these rules and guidelines.

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Pupils are encouraged to support other pupils who walk away from these acts when they see them, constructively attempt to stop such acts, provide support to pupils who have been subjected to such acts, and report these acts to the Building Principal or designee.

Pupils are required to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority; and respond to school district teaching, support and administrative staff. Each building principal will develop and provide a school-based program for appropriate recognition and positive reinforcement of good conduct, self-discipline, good citizenship and academic success.

**Harassment, Intimidation, and Bullying Policy Consequences and Appropriate Remedial Actions**

The Board of Education requires its school administrators to implement procedures that ensure both the appropriate consequences and remedial responses for pupils who commit one or more acts of harassment, intimidation, or bullying, consistent with the code of pupil conduct and the consequences and remedial responses for staff members who commit one or more acts of harassment, intimidation, or bullying.

Consequences and appropriate remedial action for pupils who commit acts of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including suspension or expulsion, as set forth in the Board adopted Pupil Discipline/Code of Conduct pursuant to N.J.A.C. 6A:16-7.1. Consequences for a pupil who commits an act of harassment, intimidation, or bullying shall be varied and graded according to the nature of the behavior, the developmental age of the pupil and the pupil’s history of problem behaviors and performance, and must be consistent with the
district’s code of pupil conduct. Remedial measures shall be designed to correct the problem behavior, prevent another occurrence of the problem, protect and provide support for the victim of the act, and take corrective action for documented systemic problems related to harassment, intimidation, or bullying.

**Harassment, Intimidation, and Bullying Policy Reporting Procedure:**

Complaints alleging violations of this policy shall be reported to the Principal or designee. All school employees as well as all other members of the school community including pupils, parent(s) or legal guardian(s), volunteers, and visitors are required to report alleged incidents of harassment, intimidation or bullying to the Principal or designee. While submission of an Incident Report Form to the Principal or designee is not required, the reporting party is encouraged to use the Incident Report Form available from the Building Principal or available at the school district’s administrative offices or the reporting party may use a district’s web-based reporting system.

Oral reports shall also be considered official reports. Reports may be made anonymously, but formal disciplinary action may not be based solely on the basis of an anonymous report. A school employee who promptly reports an incident of harassment, intimidation, or bullying in accordance with this policy, and who makes this report in compliance with the procedures set forth in Board Policy 5512, Harassment, Intimidation and Bullying, is immune from a cause of action for damages arising from any failure to remedy the reported incident.

**G. Overview of Steps for Addressing Student Behavior Concerns**

Addressing student behavior issues at Monroe Schools involves different levels of support and interaction depending upon the behavior and its severity. The action plan listed below will be followed by staff members.

1. **Level One:**

   The individual staff member will meet with the student to:

   - Identify the inappropriate behavior.
   - Discuss the inappropriate behavior with the student and help the student to problem-solve.
   - Involve the student in developing an action plan for a change in behavior that the student and teacher agree upon.
   - The individual staff member may also choose to conduct a staff member/parent/student conference at this level.
   - Parent may be contacted at this level via telephone/in writing.
   - In all instances of infractions, the administration reserves the right to determine an appropriate consequence.
2. **Level Two:**

   If a change in behavior is not observed based upon the agreed to level one action plan, the individual staff member will:
   - Meet with the student to identify and discuss the inappropriate behavior and help the student to problem-solve.
   - Possibly meet with the guidance counselor or other school personnel and the student to create a new agreed upon action plan.
   - Parent/guardian will be contacted at this level via telephone, in writing or in person.
   - In all instances of infractions, the administration reserves the right to determine an appropriate consequence.

3. **Level Three**

   If a change in behavior is not observed based upon the agreed to level two action plan, the individual staff member will refer the student to the administration. Upon receipt of a referral, the administration will take the appropriate administrative action as outlined in later sections of this code of conduct. Copies of all disciplinary referrals are sent home to parents indicating the reasons for the referral, staff member’s actions taken prior to the referral, and administrative actions taken after the referral.

F. **Serious Behavioral Infractions**

   Most behavioral issues can be resolved at levels one and two; however, students will be referred directly to the administration for more serious infractions. In those instances, appropriate consequences will be imposed. Students and parents should note that appropriate administrative action may include lunch or recess detention, after school detention, in-school suspension, out-of-school suspension, suspension of other school privileges, peer or staff mediation, counselor referral/I&RS referral, police contact, and/or recommendation for expulsion. In addition, at all times the administration reserves the right to intervene and take action if behavior is deemed inappropriate or in violation of district-wide policies.

**KEY FOR ABBREVIATED TERMS IN THE CHART OF CONSEQUENCES ON THE PRECEDING PAGE**

ASD = After School Detention  
LD = Lunch Detention  
ISS = In-school Suspension  
OSS = Out-of-school Suspension  
ROP = Removal of Privileges  
PC = Police Contact  
RE = Recommendation for Expulsion  
CIC = Change Inappropriate Clothing  
BPS = Bus Privilege Suspended  
ROP Removal of Privilege (Bus)  
BC = Bus Contract

***NUMBERS INCLUDED IN THE CHART INDICATE THE NUMBER OF DAYS FOR THE GIVEN CONSEQUENCE(S).***
* In all instances of infractions, the Administration reserves the right to determine an appropriate consequence.

Students and parents should be aware of two additional elements relative to consequences for student infractions reaching Levels Three and Four. Although possession and/or use of tobacco and/or tobacco products is not specifically outlined in the chart on the preceding page, the disciplinary consequence for possession and/or use of tobacco and/or tobacco products is a one day out of school suspension. The second offense consequence for this type of infraction is a three day out of school suspension. The third offense consequence for this type of infraction is a five day out of school suspension inclusive of police contact. The second element students and parents should be aware of requires an expansion of the terms fighting and assault. THE MONROE TOWNSHIP BOARD OF EDUCATION CURRENTLY HAS A ZERO TOLERANCE POLICY PERTAINING TO PHYSICAL ASSAULT. THEREFORE, ANY STUDENT WHO PHYSICALLY ASSAULTS ANOTHER STUDENT WILL BE HELD ACCOUNTABLE ACCORDING TO THE CONSEQUENCES LISTED IN THE CHART ON THE PRECEDING PAGE. TO THAT END, IF STUDENT X ASSAULTS STUDENT Y AND STUDENT Y RETALIATES BY ASSAULTING STUDENT X, EVEN THOUGH STUDENT Y DID NOT INITIATE THE ASSAULT, BOTH STUDENT X AND STUDENT Y WILL BE HELD ACCOUNTABLE. IF ADDITIONAL CONSEQUENCES ARE RELEVANT ACCORDING TO THE CHART ON THE PRECEDING PAGE, BOTH STUDENT X AND STUDENT Y WILL BE ASSIGNED THOSE CONSEQUENCES AS WELL.

With respect to the consequences for student infractions reaching Levels Three and Four, parents and students should note that in the event a student exhibits an inappropriate behavior not indicated in the Code of Conduct the administration reserves the right to determine an applicable consequence(s). Moreover, depending upon the severity of ANY inappropriate behavior exhibited, the administration reserves the right to impose consequences reflective of that severity by adjusting the leniency and/or harshness of indicated consequences. The basis for suspensions and expulsions are outlined in Chapter 18A:37-2 of the New Jersey Statutes.
A. **Homework: Guidelines and Requests and Board Policy**

Homework is an extension and reinforcement of what occurs in the classroom. It enables students to reflect upon and react to learning experiences in a meaningful way. We expect every student to accept the responsibility for completing homework neatly, accurately, and on time. While parents should be supportive and encouraging, it is ultimately the student’s responsibility to complete assignments that represent the student’s best quality and effort. In conjunction with board policy, students should expect to receive homework most evenings. It should also be noted that homework constitutes a percentage of the marking period grade. For more specific homework policy information, parents should contact teachers or examine homework requirements for the given content area.

1. If a student is absent for any reason, it is the student’s responsibility to gather missed assignments from teachers upon the student’s return to school, complete missed assignments based on a schedule arranged by the teacher and student, and submit missed assignments to the teacher. In the event a student is or is going to be absent from school due to illness, the student’s parent may notify the main office and request work at the end of the day. Once the office has been notified, teachers will provide work for the student. However, you should allow 24 hours after notification for the work to be provided by the teacher(s).

2. Students must submit assignments on the date due. Penalties for late work will be determined by the teacher and grade level.

3. Students who miss an assignment because of illness must see their teachers upon return to school and work out a schedule to make up any missed work, including tests. It is the student’s responsibility (grs. 4-5), not the teacher’s, to assure that this work is made up. If the makeup work is not completed, the assignment will count for zero credit.

4. Students who hand in a major assignment (term paper, report, research project, etc.) late will lose credit for handing it in late. The amount to be deducted will be determined by the teacher.

5. **Homework Requests**

   Teachers will comply with requests for homework when your child will be absent from school because of illness; however, it does take time to collect materials and assignments during the day. Therefore, if you wish to request homework to be sent home, you should call the school office prior to 10:00 a.m. on the day of the absence. Requests later in the day may not be able to be honored.

6. **Vacations**

   While we recognize that there may be times that students must be absent from school for family emergencies or crises, we strongly urge that family vacations not be scheduled during the school year. Request for homework/classwork because of a family vacation will not be honored. Upon his/her return to school, the student will be given accumulated make-up assignments which must be completed, signed by the parent, and handed in to the teacher within the next ten days.
Monroe Township Board of Education Policy 2330 Homework

The Board of Education acknowledges the educational validity of work assigned to pupils for completion outside the classroom as an adjunct to, and extension of the instructional program.

The Superintendent shall develop regulations for the assignment of homework according to these guidelines:

1. Homework should be aligned to the grade level content standards and board-approved curriculum.
2. Homework should provide students an opportunity to reflect upon, reinforce, and/or apply previously taught skills and acquired knowledge, and/or prepare for future lessons.
3. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.
4. As a valid educational tool, homework should be clearly assigned, evaluated, and used to provide feedback to students in a timely manner.
5. The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the pupil.
6. Completion of homework is the responsibility of the student as it provides an opportunity for independent work, an exercise in judgement, and academic responsibility.
7. Schools should recognize the role of parent(s) or legal guardian(s) by suggesting ways in which they may play a supportive role through monitoring, encouraging students’ efforts, and providing a conducive learning environment for homework.
8. Group assignments should have clearly defined criteria for collaboration; class time or digital opportunities should be afforded for long-term group projects.
9. Homework and/or long-term projects should be given at the discretion of the teacher during defined breaks, which are Thanksgiving, winter, and spring recess.

**Monroe Township Board of Education Policy 2624 Grading System**

The Board of Education recognizes that a system of measuring, recording, and reporting the achievements of individual pupils is important to the continuing process of learning. The Board, therefore directs the instructional program of this school district include a system of grading that measures progress toward the New Jersey Core Curriculum Content Standards and Common Core State Standards and the educational goals of the district.

Pupils shall be informed at the outset of any course of study of the behaviors and achievements that are expected of them and shall be kept informed of their progress during the course of study. As a rule, grading should reward pupils for positive efforts and minimize failure, and pupils should be encouraged to evaluate their own achievements.

The Superintendent shall develop and continually review in consultation with teaching staff members, parent(s) or legal guardian(s), and pupils, a grading program appropriate to the course of study and maturity of pupils. The final decision on any contested grade will be the responsibility of the Principal after consultation with the teacher. A pupil classified as disabled will be graded in accordance with his/her Individualized Educational Program (IEP) or the Section 504 Plan.

Scholastic Standards

Excellence in academics is one of the primary goals of education. It is toward this goal that students must maintain a minimum achievement level before advancement to the higher skills.

While grading is important, it should not be the sole indicator for success. The child’s motivation and love for learning and discovery is equally important. The school’s emphasis is on the child’s acquisition of knowledge and learning skills.

Students need to know that any form of cheating is unacceptable and will not be tolerated. Any child caught doing their work inappropriately, or sharing their work with another student will receive a zero for the assignment and be assigned to after school detention. Copying work from another student, plagiarizing from a published source, or allowing someone else to copy work are all ways that students cheat themselves from acquiring the knowledge and pride necessary to become a successful learner.

C. Progress Reports

Progress reports are issued at the midpoint of each marking period at the discretion of the teacher and therefore, may be issued four times per year. The purpose of the progress report is to reflect significant progress or lack thereof. Progress reports are distributed in school. Consequently, we expect students to bring progress reports home, have progress reports signed by parents, and return progress reports within two school days of their distribution. Again, we expect students to bring progress reports home, have progress reports signed by parents, and return progress reports within two school days of their distribution.

D. Report Cards

Report cards are issued at the conclusion of each marking period; therefore, they are issued four times per year. The purpose of the report card is to communicate student performance in each content area. Report cards are distributed in school for all four marking periods. Consequently, we expect students to bring report cards home, have report cards signed by parents, and return report cards within two school days of their distribution.

E. Principal’s List/ Honor Roll: Grade 5

In order to qualify for the Principal’s List, students must receive grades of 90 or better in all content areas. In order to qualify for the Honor Roll, students must receive grades of 80 or better in all content areas. Accommodations have been made for students in the accelerated math program.

F. Standardized Testing

National and state standardized tests are administered during the school year in the appropriate grades. Standardized test scores are sent home when they are available from the reporting agency.
Attendance

A. Student and Parental Responsibilities: General Expectations and Regulations
(Adopted from Monroe Township Board of Education Policy 5200)

Regular attendance is a prerequisite for success in school. New Jersey state law requires that students attend school regularly, and that it is the parents’ responsibility to see that their children attend school on the days/hours that the public schools are in session in the district (N.J.S.A. 18A: 38-25; 26). In order to facilitate students’ chances for success, the Monroe schools shall work cooperatively with parents to assure that students attend school daily. **If a student is absent, a parent or guardian must call the nurse’s telephone.**

It is recognized that certain legitimate occurrences may occasionally cause the student to be absent from school. Those occurrences which constitute legitimate absences from school and classes include the following: personal illness, death in the family, required attendance in court, religious holiday, suspension from school.

Students returning to school from an absence are required to submit a note to the office within two days of their return. To verify an excused absence, a doctor’s note for an absence due to illness, a note for a religious holiday which is recognized by the state of New Jersey, a note for a death in the family, and/or a legal document for a required court appearance must be provided.

In terms of attendance, students and parents should be aware of the following additional expectations and regulations:

1. Students under the age of sixteen who exceed 20 days absent during the course of one school year may have a complaint filed against their parents in municipal court.

2. Students who have an extended illness shall not be charged with absences provided they are under doctor’s care or are receiving home instruction.

3. Students who are absent from school due to observance of a religious holiday shall not be deprived of any award or eligibility thereof or opportunity to compete for any award, or of the right to take an alternate test/examination, as long as an absence note is submitted as described herein.

4. Students vacationing during school days will accrue unexcused absences. School work will not be provided in advance.

5. Although certain medical appointments may be considered excused absences, parents are urged to schedule doctor and dental appointments after school hours.

B. Student and Parental Rights: Appeal Process

At any level, appeals may be made to the Principal, and to a committee of the Board, in that order, regarding attendance.
C. Additional Attendance Procedures: Early Dismissal/ Late Arrival

Students are expected to arrive on time to school. Students who arrive late to school are to report to the office to sign in upon entering the front door of the school. In turn, the office will issue students arriving late to school hall passes before they proceed to their classes.

Students who wish to be dismissed early from school must have a written request to do so from a parent or guardian. That request should be presented to the main office as soon as the student arrives at school on the morning for which the request is being made. The request must state the reason and time for the early dismissal. The parent or guardian who was given permission to pick up the student must personally sign out and pick up the child in the main office. Siblings who are under the age of 18 will not be permitted to sign students out under any circumstances. Students being dismissed early from school will be called to the office just prior to the stated dismissal time. If the student is returning later in the day, the student should sign in upon arrival and receive a hall pass before proceeding to class.

D. Planned Extended Absence

1. Extended absence for all students is defined as an absence from school of more than 10 days consecutive.

2. Parents/guardians must provide the school written notification of a planned extended absence. The notification should include the dates of the absence. Students of parents/guardians who notify the school of an impending extended absence will be dis-enrolled and transferred to Home Schooling status effective the first day of the planned extended absence. Students must return their school books and any other supplies provided by the school district. Homework or make-up examinations will not be provided.

3. Dis-enrolled students are required to re-enroll at the Central Registration Office, located at Monroe Commons, 239 Prospect Plains Road, Monroe Township, N.J., prior to returning to school. Parents/guardians must present proof of residence and a copy of the child’s birth certificate or passport at that time. Students will be placed back into the class or school schedule they had prior to the extended absence if possible.
ADDITIONAL DISCIPLINE POLICIES AND PROCEDURES

***Although the preceding section pertaining to discipline is quite extensive, we have taken the liberty of providing parents and students with an alphabetical listing of several additional policies and procedures that parents and students should familiarize themselves with.***

A. ASSEMBLIES

Assemblies will occur at various times throughout the school year. When attending assemblies, students will be accompanied and supervised by teachers. Students are also expected to proceed to and from assemblies in an orderly fashion with a minimum amount of noise. Audience members are to commend assembly participants through applause. There should be no whistling, booing, or excessive noise made during assemblies. Students who choose not to demonstrate proper behavior will lose the privilege of attending assemblies. Constant talking during assemblies will not be tolerated.

B. BOOKS/EQUIPMENT

Students are responsible for the care of all books, equipment, and materials that are assigned or loaned to them during the school year. Textbooks are to be kept covered so they can be returned with a minimum amount of wear. Students should examine their textbooks carefully when they receive them. Students should also call their teachers’ attention to any marks or ripped pages so as not to be held responsible for previous damages. Fines will be levied in June for any marks, ripped pages, or any other additional damages inflicted by students. With respect to textbooks, parents and students should be aware that depending upon the amount of damage, fine amounts may be for the replacement cost of the damaged book. Lost textbooks will result in fine amounts of the replacement cost of lost books. Parents and students should be aware that final report cards and standardized test scores will be withheld until payment is received for fines.

C. BUS EVACUATION DRILLS

New Jersey state law requires schools to conduct bus evacuation drills. During a bus evacuation drill, students should leave ALL of their personal belongings on the bus and exit the rear of the bus quickly, silently, and in a single file line. Upon exiting, students should bend down and use their hands and arms to brace themselves as they get out of the actual bus. Students should not jump out of the bus. Once the students have exited the bus, they should stand quietly and wait until the signal is given for them to return to the bus and gather their personal belongings. Students should then proceed to their classes in an orderly fashion.

D. COMPUTER LABS

The computer labs serve as informational and instructional centers for students and school officials. While all students are encouraged to utilize the computer labs, students are reminded
that the equipment in the computer labs should not be vandalized in any way, shape, or form. Absolutely no food or drinks of any kind are permitted in the computer labs (chewing gum in the computer labs is forbidden).

E. ELECTRONIC DEVICES

Portable radios, CD players, walkmans, pagers/beepers, cellular phones, and electronic games are not permitted in school; however, CD players and walkmans may be used on the bus before or after school hours. Prior to entering school, students should store CD players and walkmans securely in their bookbags and should not remove them until they exit the school. School officials will confiscate portable radios, CD players, walkmans, pagers/beepers, cellular phones, and electronic games if students are seen handling or using them in school. Once a school official has confiscated an electronic device, it will be turned over to the administration. The first time this occurs, the item will be returned to the student at the end of the school day. The second incident will result in the item being returned on the last day of the school year. It should be noted that New Jersey law dictates that students are not permitted to be in possession of pagers/beepers or cellular phones while in school or on a school bus. Possession of pagers/beepers or cellular phones may result in police notification.

F. EXTRACURRICULAR ACTIVITIES

Parents and students should be aware that detentions take precedence over after school activities and athletics; therefore, detentions will not be scheduled around students’ extracurricular activities. Parents and students are reminded that any student who is suspended in or out of school on the day of an extracurricular activity will not be permitted to participate in that activity.

G. FIELD TRIPS

A field trip is an optional activity, which enhances or expands the educational programs at the school by providing an experience not available in the traditional classroom setting. In order to attend a field trip, students must provide school officials with signed permission slips. Parental notes will not be accepted in lieu of signed permission slips. As for conduct, students may be denied the privilege of attending a field trip if their behavior shows a negative pattern. If parents decide not to give their child permission to participate in a field trip, their child is expected to be in school for the entire day. Appropriate lessons for each student remaining behind will be developed by teachers. Students and parents should also be aware that the code of conduct extends to field trips.

K. HALL TRAFFIC
Students are expected to walk on the right side of the stairs and halls. No running is permitted in the school building. Students should be orderly and reasonably quiet whenever they are in the halls so as not to disturb classes that are in session.

L. MEDIA CENTER

The library serves as an informational and instructional center for students and school officials. While all students are encouraged to utilize the library, reference books may only be taken out overnight. Fines will be charged for late materials. Students will not be fined for overdue materials when they are absent. It is ultimately the responsibility of the student to pay for any library material that is lost or damaged.

N. PERSONAL POSSESSIONS (LOST AND FOUND)

Personal possessions are brought to school at the student’s own risk. School officials are not responsible for any damages, thefts, or losses with respect to personal possessions. This includes jewelry, money, and other valuables. Students may check the lost and found for missing items. In order to facilitate the return of lost articles to the rightful owners, every attempt should be made to permanently mark all items brought to school with the student’s name. Students are reminded that all found items should be brought to the main office.

O. PETS/ANIMALS

Generally speaking, no pets/animals are permitted in school. In the event a student wishes to utilize a pet/animal as part of a presentation directly related to the curriculum, the student must obtain permission from the vice principal or principal.

P. TOYS (LASER POINTERS/PENS)

Certain personal belongings are considered to be disruptive to the learning process. Articles of this nature (including toys, tech decks, etc.) are not permitted in school and will be confiscated by school officials if students are handling or using them. Once a school official has confiscated a toy or other disruptive article, it will be turned over to the administration. The first time this occurs, the article will be returned to the student at the end of the school day. The second incident will result in the article being returned on the last day of the school year. In addition, laser pointers/pens are dangerous and can cause eyesight damage. Therefore, students are not permitted to have laser pointers/pens in school or on school busses. Laser pointers/pens will be confiscated by school officials if students are handling or using them. Once a school official has confiscated a laser pointer/pen, it will be turned over to the administration.
ADDITIONAL SCHOOL PROCEDURES AND PROGRAMS

A. ADJUSTED DAILY SCHEDULES (HALF DAYS, EMERGENCY CLOSINGS, DELAYED OPENINGS, AND EARLY DISMISSALS)

For information pertaining to emergency school closings, delayed openings, and early dismissals, parents and students should listen to the following radio stations: WCTC – 1450 AM and WMGQ – 98.3 FM. The Monroe Township website, www.monroe.k12.nj.us, also includes this type of information.

B. COMMUNICATION WITH SCHOOL OFFICIALS (TELEPHONE AND E-MAIL, CONFERENCES, PARENT CONNECT, NEWSLETTERS)

Parents should be partners in the educational process. Therefore, it is essential for parents and school officials to communicate with one another regarding student progress and behavior. Frequent contact through telephone calls, e-mail, conferences, is vital in that the success of students is contingent upon continuous communication. To contact teachers please call the main school number, leave a message and the teacher will return your call as soon as he/she is able.

To further foster communication between parents and school officials, the “Principal’s Newsletter” is made available to parents. The “Principal’s Newsletter” is sent home monthly to inform parents of upcoming school and community events.

C. SUPPORT SERVICES (GUIDANCE, NURSE, SPECIAL SERVICES)

Each school has a full-time guidance counselor who provide services for the student population. More specifically, the guidance counselor is responsible for counseling students and serving as a liaison to the Child Study Team. Parents should make every effort to contact the guidance counselor in the event they notice a significant change in their child’s behavior and/or attitude. In addition, the counselor can be quite helpful in terms of conflict resolution should a parent notice that students are having difficulty relating with one another. Our guidance counselor is instrumental in dealing with the various personalities and challenges associated with children. Therefore, parents should take advantage of this valuable resource when applicable. The school nurse is a health professional whose responsibilities include: providing basic health care for students, acting as a liaison to parents regarding student illness and absence from school, handling emergency situations, and serving as a resource person for the Child Study Team and Intervention Referral Team. Students are encouraged to seek assistance from the nurse if they are experiencing vision or hearing difficulties, open sores or wounds, pain, illness, or injuries.

In order to meet the needs of every student, each school offers a variety of special services. In-class support as well as instruction in a resource room setting are available for
classified students according to the specifications of their Individualized Education Plans, IEPs. Basic skills instruction is also offered in language arts literacy and mathematics. The focus of this instruction is to assist students who are experiencing academic difficulties in mainstreamed classes. Each school offers speech therapy, physical therapy, and sight and hearing impaired services on an as needed basis too.

As an extension of special services, each school has an Intervention Referral Team, IRT, which is comprised of teachers, guidance counselor, school administrators, a Child Study Team representative, and the school nurse if appropriate. When a concern(s) arises with respect to the progress of a student, team teachers articulate the concern(s) to administration and guidance officials. Following the expression of this concern(s), a recommendation may be made to schedule an Intervention Referral Team meeting. The focus of an IRT meeting is for teachers to communicate with the student’s parents in order to identify the difficulties the student is experiencing. In addition, strategies for assisting the student in school are established and a determination is made as to whether it is necessary for the Child Study Team to conduct a complete evaluation of the student.

C. AN EXPANSION OF THE ACCEPTABLE USE POLICY (COMPUTER)

As a user of the Monroe Township School District’s computing facilities, students will agree to the following rules and provisions regarding the Acceptable Use Policy for Access to Information, Software, and Computing:

1. I will only use the computer account provided to me and will take the responsibility to protect my account from unauthorized access. I will not give my personal password to anyone and will take steps to prevent others from learning my password. If I become aware of attempts to violate or bypass security mechanisms, I will promptly report such attempts to my teacher.

2. I will respect the privacy of information stored in the school’s computing facilities. I will not acquire or modify, in any way, information that belongs to another person, nor will I attempt to access restricted portions of the network or operating system.

3. I will only use the software to which I have been granted express rights by the school administration.

4. I will not copy unauthorized software onto the local drive or onto the network drive.

5. I agree to abide by any patent, copyright, or license restrictions that may relate to the use of computing facilities, products, programs, or documentation. I agree not to copy, disclose, modify, or transfer any such materials that I did not create without the express consent of the original owner or copyright holder. I agree not to use the school’s computing facilities to violate the terms of any software license agreement or any applicable local, state, or federal laws.

6. I agree not to use the school’s facilities for any purpose other than that for which it was intended.
7. The use of the district’s Internet connection and e-mail is a privilege, not a right. Good judgment should be used to access only information having sound educational value. I understand that accessing or generating inappropriate materials will result in the cancellation of my network account.

8. I understand that violation of any provision of this agreement will result in punitive action that may include suspension from school and removal from present courses that require use of the system, resulting in a failing grade for these courses. Criminal charges may be sought, if appropriate.

9. This agreement remains in force as long as I make use of the school’s computing facilities or services.
