Policy Statement

The Board of Education prohibits acts of harassment, intimidation, or bullying of a student. A safe and civil environment in school is necessary for students to learn and achieve high academic standards. Harassment, intimidation, or bullying, like other disruptive or violent behaviors, is conduct that disrupts both a student’s ability to learn and a school’s ability to educate its students in a safe and disciplined environment. Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

Harassment, Intimidation, and Bullying Definition

Harassment, Intimidation, and Bullying Definition

“Harassment, intimidation, or bullying” means any gesture, any written, verbal or physical act, or any electronic communication, as defined in N.J.S.A. 18A:37-14, whether it be a single incident or a series of incidents that:

1. **Is reasonably perceived as being motivated by either any actual or perceived characteristic**, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability, or by any other distinguishing characteristic;

2. Takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3;

3. **Substantially disrupts** or interferes with the orderly operation of the school or the rights of other students; and that
   a. **A reasonable person should know, under the circumstances**, that the act(s) will have the effect of physically or emotionally harming a student or damaging the student’s property, or placing a student in reasonable fear of physical or emotional harm to his/her person or damage to his/her property; or

   b. **Has the effect of insulting or demeaning any student or group of students**; or

   c. **Creates a hostile educational environment for the student by interfering with a student’s education or by severely or pervasively causing physical or emotional harm to the student.**
Monroe Township Public Schools

Schools are required to address harassment, intimidation, and bullying occurring off school grounds, when there is a nexus between the harassment, intimidation, and bullying and the school (e.g., the harassment, intimidation, or bullying substantially disrupts or interferes with the orderly operation of the school or the rights of other students).

“Electronic communication” means a communication transmitted by means of an electronic device, including, but not limited to: a telephone, cellular phone, computer, or pager.

**Perceived Characteristic** is NOT:
“Harmful or demeaning conduct motivated only by another reason, for example, a dispute about a relationship or personal belongings or aggressive conduct without identifiable motivation does not come within the statutory definition of bullying.”

**Substantially Disrupts** or interferes with the orderly operation of the school or the rights of other students: *The bully/victim relationship must be within the same district for the district to have HIB jurisdiction. If not, then it may be referred to the home district administration as a code of conduct violation, in addition to the local law enforcement agency.*

A “reasonable person” is any adult member of the school community

“**Under the circumstances, will have the effect of...**” means even if the target claims to not be bothered by, upset by, offended by the behavior, the reasonable person must treat and respond to the behavior as it is presented, not as it is reported to be perceived by the target. The **reasonable person** must intervene.
Types of Bullying Behavior

**Verbal** – Includes taunting, name-calling, malicious teasing or making threats (U.S. Department of Justice 2001);

**Psychological** – Includes spreading rumors, purposefully excluding people from activities, breaking up friendships (U.S. Department of Justice 2001);

**Physical** – Includes hitting, punching, shoving, spitting or taking personal belongings (U.S. Department of Justice 2001); and

**Cyberbullying** – Includes using the Internet, mobile phone or other digital technologies to harm others. Cyberbullying sometimes referred to as “electronic bullying” or “online social cruelty,” is defined as HIB that takes place: through email; through instant messaging; in a chat room; on a website or gaming site; or through digital messages or images sent to a cellular phone.

Conflict vs. Bullying

**Bullying** is one sided, where one or more students are victims of one or more person’s aggression, which is intended to physically or emotionally hurt the victim(s).

- Bullying is not a phase young people must endure and outgrow.
- Bullying is not a conflict between students or among groups of students.

**Conflict** is a mutually competitive or opposing action or engagement, including a disagreement, or an argument, which is a normal part of human development.

- A conflict has the potential to transform into bullying if what was once a mutually competitive or opposing action or engagement becomes a one-sided act of aggression. This happens when one party has “moved on” from the conflict while the other has not, and continues to engage in inappropriate behaviors.

**Student Expectations**

The Board expects students to conduct themselves in keeping with their levels of development, maturity and demonstrated capabilities with proper regard for the rights and welfare of other students and school staff, the educational purpose underlying all school activities and the care of school facilities and equipment consistent with the Code of Student Conduct.

The Board believes that standards for student behavior must be set cooperatively through interaction among the students, parents, school employees, school administrators, school volunteers, and community representatives, producing an atmosphere that encourages students to grow in self-discipline. The development of this atmosphere requires respect for self and others, as well as for school district and community property on the part of students, staff, and community members.

Students are expected to behave in a way that creates a supportive learning environment. The Board believes the best discipline is self-imposed, and it is the responsibility of staff to use instances of violations of the Code of Student Conduct as opportunities to help students learn to assume and accept responsibility for their behavior and the consequences of their behavior. Staff members who interact with students shall apply best practices designed to prevent student conduct problems and foster students’ abilities to grow in self-discipline.

The Board expects that students will act in accordance with the student behavioral expectations and standards regarding harassment, intimidation, and bullying, including:

1. Student responsibilities (e.g., requirements for students to conform to reasonable standards of socially accepted behavior; respect the person, property and rights of others; obey constituted authority; and respond to those who hold that authority);

2. Appropriate recognition for positive reinforcement for good conduct, self-discipline, and good citizenship;
3. Student rights; and

The district prohibits active or passive support for acts of harassment, intimidation, or bullying. Students are encouraged to support other students who:

1. Walk away from acts of harassment, intimidation, and bullying when they see them;

2. Constructively attempt to stop acts of harassment, intimidation, or bullying;

Dear Colleagues,
It is now mandatory that all personnel be trained regarding the new regulations on Harassment, Intimidation and Bullying. Please read the attached HIB Handbook and sign below, indicating completion.

Purpose
To ensure an environment that prohibits acts of harassment, intimidation, or bullying of a pupil. To cultivate a safe and civil environment in school which is necessary for pupils to learn and achieve high academic standards. Harassment, intimidation, or bullying like other disruptive or violent behaviors is conduct that disrupts both a pupil’s ability to learn and a school’s ability to educate its pupils in a safe and disciplined environment.

Since students learn by example, school administrators, faculty, staff and volunteers should be commended for demonstrating appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment, intimidation, or bullying.

I have read and understand the Monroe Township Public School’s Harassment, Intimidation and Bullying Handbook.
