A message from MONROE TWP

Dear Monroe Community,

The district was notified today that 1 student at Oak Tree tested positive. The student has not been in the building since 12/1 so no contacts were identified. The district was notified that 1 bus driver tested positive. Close contacts were identified and directed to quarantine.

Our system will only work if we are committed to continuing safe practices. This means wear a mask, wash and sanitize your hands frequently, maintain social distancing when possible, monitor your own and your family’s health, if your child is in the Hybrid Learning Model DO NOT send them to school, in person, if anyone in the family unit is ill or symptomatic of COVID or the flu, and of course, rapid self-report so we can initiate immediate contact tracing and quarantining.

Unfortunately, with more cases being reported, it is becoming more difficult to keep schools open. I will continue to notify the community of any cases within our school buildings and I am committed to keeping schools open as long as we can continue safe practices. However, I encourage all families to plan for alternate plans in case the district or any school must move to full remote status.

Thank you and enjoy your weekend.
